

## Candidates

The following DACS members have been nominated for the Board of Directors for 2005-2007. Please show your support by voting at the annual meeting, December 6, or by volunteering to serve on our Board.

**Howie Berger** — Sherman. A member of DACS for many years, He is a principle in Visual Access Technology, Inc., a software development and consulting company located in Danbury, and has over 30 years of experience in software development for Computer-Aided Design, Facilities Management, and Web-related consulting in Knowledge and Information Management.

Howie is currently the Vice-Chairman of the Candlewood Lake Authority where he has been active in educational outreach within the 5 lake towns. He was actively involved in land use and environmental causes in Redding over his 16 years there prior to moving to Sherman 4 ½ years ago, and served on the Zoning Commission of the Town of Redding.

One of his goals as a board member is to facilitate an integration of members' expertise and DACS resources throughout the broader business community. He would also like to see an expansion of services and education to the general public.

**Sean N. Henderson** — Brookfield,. Sean and his family moved to CT in 2003 from NYC, where he lived and performed for 10 years. Originally from Los Angeles, his first computer was a Radio Shack TRS-80. Sean holds a Bachelor's in Music Business, and several certifications including Audio Production, GUI Design, Perl/CGI, and HTML. He currently teaches piano, plays drums for Where's Jane, and does Perl/Web Development.

For more information on Sean, visit [www.SeanNHenderson.Net/dacs.html](http://www.SeanNHenderson.Net/dacs.html).

**Lisa Leifels** — Newtown. A member of DACS for 5 years, and as of April of this year has served as the secretary of DACS. She has enjoyed attending both the general meetings and the Microsoft Access Special Interest Group meetings over the years and would like to become a more active participant in the organization.

Lisa is a database consultant who has been working in the computer industry for over 15 years, developing custom software solutions for client organizations..

**Bruce Preston** — Ridgefield, is a consultant specializing in PC-based software solutions with emphasis on database applications. He has more than 30 years of experience in such areas as data communications, database management, technical support, and user education. For the past six years he has moderated the Random Access sessions that start our monthly General Meetings, as well as leading the monthly Microsoft Access Special Interest Group. Lately he has been joined by his son Scott, who co-presented two General Meeting programs - "Building a Home Network" and "Buying and Selling on eBay." His non-computer interests include digital photography, steam locomotives, and bicycling.

**Jeff Setaro** — Danbury. A lifelong Danbury resident, Jeff has been involved in the computer industry for more than 17 years. He has been a DACS member for 11 years and has served as a DACS vice president for six of them. After stepping down from Program Chair to assume direction of the DACS Web page, he was persuaded to continue in both capacities. He also serves as information coordinator on computer viruses and until recently as director of the Web page design SIG. He is a member of the 1995 VAR business advisory board and is frequently called upon to comment on industry issues.

**Jim Scheef** — New Milford. Jim Scheef has been a DACS member since DOG became WCMUG. He has actively participated in the club over the years on the Program Committee, and as head of the Internet Committee. For the past six or more years Jim has been a co-leader of the Visual Basic SIG and started the Back Office SIG last year.

Jim has been a software developer since the days when mainframes were high-tech. His company, Telemark Systems Inc., provides custom software and networking solutions to businesses around Connecticut.

Jim's goals for DACS are to provide new services to the members via the DACS.ORG web site and to expand the use of the Resource Center as a learning facility. Jim convinced the board to install a DSL internet connection in the Resource Center as a step in this direction.
